

NEW PROFESSIONAL (NP) PROGRAM: SCIENTISTS & ENGINEERS

SPAWAR Workforce Recruitment Office, Code 81140, 53560 Hull Street, San Diego, CA 92152-5001

COMPANY DESCRIPTION

SPAWAR Systems Center Pacific (SSC PAC) is the Navy's premier research, development, test, and evaluation (RDT&E) laboratory for command, control, communications, computers, intelligence, surveillance, reconnaissance (C4ISR), and all Navy navigation systems. Our mission and corporate vision focus on bringing integrated C4ISR solutions to the warfighter. Our work ranges from basic research and prototype development through systems engineering and integration to life-cycle support of fielded systems. Major programmatic and technical forces are directed toward merging advanced technology and systems into integrated C4ISR capabilities, primarily supporting joint C4ISR needs of the military.

Additional information about the SSC Pacific New Professional Program (NP) is available on our homepage at: <http://www.spawar.navy.mil/sandiego/np>

JOB DESCRIPTION

SSC PAC employs scientists and engineers who hold BS, MS, and Ph.D. degrees in a variety of Science and Engineering fields. The NP program is a career development opportunity designed to bridge the gap between formal academic training and professional work. This includes structured activities, experiences, and training designed to prepare the employee for higher grade duties. Through rotational assignments, formal training opportunities and on the job training, you will have the opportunity to experience various types of work related to your background and interests.

PROGRAM REQUIREMENTS

Resume should include GPA, citizenship, graduation date, major, and veterans' preference (if applicable). Information and forms regarding Veteran's Preference may be found on websites such as www.opm.gov or www.dol.gov/vets/welcome.html

Majors: Electrical Engineering, Computer Engineering, Computer Science
Degrees: BS, MS, or PhD
GPA: Cumulative GPA of 3.0 or above preferred
Grad Date: Must have graduated or be within 9 months of graduation
Starting Salary: \$42,199-\$65,747 (BS), \$81,182 (MS), \$95,300 (PhD) (Salary set by degree level, non-negotiable)
Other: **U.S. Citizenship required.** Must be able to obtain a Secret Security Clearance and some positions may require a Top Secret Clearance.
